

A person makes choices for you.

It is about your money.

How to work with them.

A person makes choices for you.

It is about your money.

They must

- listen to you
- think about what you want
- pay your bills. Like your rent
- make choices about your money.

They do this with you.

QCAT chose the person.

Read What is QCAT?

You want to talk to this person

You may want to

- ask questions about your money
- say what you need.

But

It may be hard to talk to them. Like

- they use big words
- you call them. They can **not** talk to you
- you do **not** like the choices they make.

What can you do?

You can have a person with you.

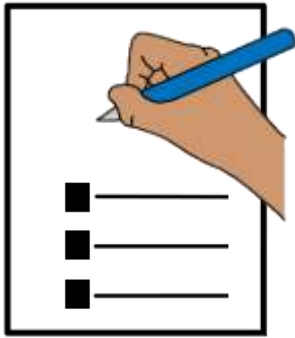

They know you well. You trust them. Like

- a friend
- a person in your family
- your support worker.

Think about what you want to say.

Do it **before** the meeting.

Write what you want to say.

Take it to the meeting. Write

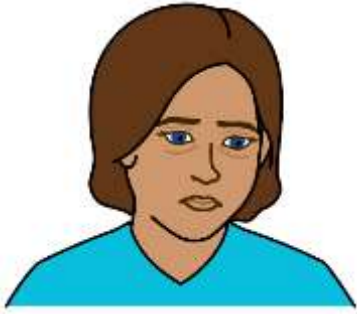

- what you worry about
- what you want to do with your money
- problems with your money.

Like you need more money to spend.

Ask a person to help you.

It is a person you trust.

Some problems

The person may

- **not** listen to you
- say no.

They have to make good choices.

It may not be what you want.

Like you want money to see a movie.

You can **not** have it.

They need the money for your rent.

They make a plan. It is about your money.

The plan says

- how much money you can use.
- what bills they pay for you.

But

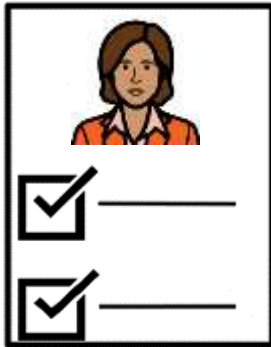

You do **not** agree.

You may need more money.

QAI can help you

We can tell you the rules.

There are rules for

- who can look after your money
- what they can do
- what they have to tell you.

We can help you

- talk to the person
- talk about problems with your money
- get a different person to help you.
